

Hosa Technology

Hosa Technology is the master distributor of the DeoxIT® line of contact enhancers and protectors produced by CAIG Laboratories. CAIG Labs began in 1956 and for over 50 years has been manufacturing chemicals for the music and electronics industries. CAIG's DeoxIT products are the first choice for music industry experts and are specified for use by manufacturers such as Bose, Harman Kardon/JBL, Soundcraft, Peavey, Rane Corp., and Yamaha.

DeoxIT is guaranteed to improve the performance and reliability of ALL equipment and parts!

DeoxIT® Cleaners & Conditioners

DeoxIT Contact Cleaner — 5% Spray, 5 oz
D5S-6

DeoxIT® is a fast-acting deoxidizing solution designed for use as a general treatment for connectors, contacts, and other metal surfaces. More than a contact cleaner, DeoxIT chemically improves electrical connections.

- Cleans, protects, lubricates, and improves conductivity
- Reduces intermittent connections, arcing, and RFI as well as wear and abrasion
- Safe for use on all metal connectors and contacts and will not harm plastics

DeoxIT GOLD Contact Enhancer — 5% Spray, 5 oz
G5S-6

DeoxIT® GOLD (formerly ProGold) is a unique conditioning solution designed for use in critical applications where only slight cleaning action is necessary. It is intended for use on new and recently cleaned surfaces only.

- Enhances, protects, lubricates, and maintains optimum signal quality
- Reduces intermittent connections, arcing, and RFI as well as wear and abrasion
- Provides long-lasting protection from oxidation on plated surfaces

DeoxIT FaderLube — 5% Spray, 5 oz
F5S-H6

DeoxIT® FaderLube (formerly CaiLube) is a precision lubricant designed for use on conductive plastic and carbon compound controls. It is also ideal for use on conductive membrane switches and components.

- Cleans, protects, lubricates, and improves conductivity
- Removes dust, dirt, and drink spills from conductive plastic faders and switches
- Removes oil, grease, and acid buildup on conductive membrane surfaces

DeoxIT SHIELD Contact Protector — 5% Spray, 5 oz
S5S-6

DeoxIT® SHIELD (formerly PreservIT) provides maximum protection for new and recently cleaned surfaces. It is ideal for use in regions with high degrees of pollution, including humidity, salts, sulfur, and acids.

- Enhances conductivity for cleaner audio, clearer video, and more reliable data
- Reduces intermittent connections, arcing, and RFI as well as wear and abrasion
- Creates a long lasting barrier against oxidation and corrosion
